Nixon Cautions Red Premier of Era of Tensions

Vice President, on
Red TV, Asks Mr. K.
To Work for Peace

BULLETIN

MOSCOW (AP)—Vice President Nixon warned Soviet Premier Nikita Khrushchev today of an "era of fear, suspicion and tension" if Russia tries to communize foreign countries.

In a farewell speech broadcast by radio and television, Nixon called for a "just peace based on mutual respect rather than the peace of surrender or dictation by either side."

Nixon spoke out in blunt terms in summing up the results of his nine days of good will talks and travel inside Russia.

MOSCOW (AP)—The Russians took a belated step today to increase the Soviet audience to which Vice President Richard M. Nixon will speak in defense of U.S. cold war policy in a TV-radio address tonight.

The Russians agreed to end a virtual news blackout on the speech by carrying a series of announcements on radio and TV telling Russians to tune in.

This was announced at a news conference by Herbert Klein, the vice president's spokesman. He said three announcements will be made over 10 TV stations that extend 300 miles outside Moscow. Further announcements were promised over a radio chain reaching the whole of the Soviet Union.

Moreover, Nixon was put on a spot that normally attracts a big audience, the 8 o'clock light hour.

Estimates of the number of people who may see Nixon on TV varied widely, but ranged as high as 10 million.

The big government newspaper, Izvestia, has made no mention of Nixon's speech. The Communist Party newspaper, Prava, reported the Vice President would speak, but did not say when. The English language Moscow News mentioned the speech, but it has a circulation of only a few thousands.

The Soviets had agreed to let Nixon make an uncensored radio-TV speech in exchange for the courtesy shown First Deputy Premier Frol R. Kozlov in his visit to the United States. Kozlov made an hour-long speech over a coast-to-coast television network from Washington which was well advertised in advance.

Nixon has been banking heavily on reaching a wide Soviet audience to give an uncensored view of Western policy to the Soviet people. They usually read and

Poison Takes Second Victim In Idaho Falls

IDAHO FALLS, Idaho (AP)—The paralyzing poison in a jar of home-canned beets claimed its second victim Friday night. Of the four who survive, one is near death, two are in serious condition and the last may be out of danger.

All six were felled by dreaded botulism—a nerve-attacking poison produced by bacteria which grow in improperly cooked food. A doctor here calls it one of the most deadly poison substances known to man.

Fifteen-year-old Wanda Nelson died in her iron lung Friday evening. Early Thursday, Aaron Gruwell, 74, a east Idaho farmer, also died.

A new shipment of rare botulism antitoxin was expected this morning as doctors fought to save the survivors. In gravest condition was Wanda's father, Kenneth, 45, Kansas City, Mo. A doctor said he was in a coma, the nerves controlling his breathing muscles completely paralyzed.

Nelson and his wife Naomi, 41, were in iron lungs. Another lung stood by in case it was needed by elderly Lavinia Gruwell, Nelson's mother and Aaron Gruwell's wife.

Marth Nelson, 4, another daughter, was under treatment. But the doctor said she may not have eaten as much of the deadly beets as the others because her condition appeared to be satisfactory.

SAIDC Program to Feature 3 Speakers

C. A. Thrasher, general supervisor of area development for the Ohio Edison Co., will be one of the three speakers at the Salem Area Industrial Development Corp. rally Tuesday at 7 p.m. in the Junior High School auditorium.

The other two speakers are Robert A. Deacon and Denny Schill. Deacon is assistant manager of industrial development for the Lakes Region of the Pennsylvania Railroad, and Schill, manager of the Ellwood City, Pa., Chamber of Commerce since 1935, is executive director of that city's industrial development organization. He spoke here April 7 at the first public rally of SAIDC.

Thrasher, who has headed Ohio Edison's area development program for the past three years, has been an industrial engineer for 24 years. He served as OE district manager for seven years prior to taking over the development post.

Among the profession groups in which he holds membership are the Industrial Development Committee of the Ohio C. of C., Area Development Committee of Edison Electric Institute, American Industrial Development Council, Great Lakes States Industrial Development Council and as an associate member of the Society of Industrial Realtors.

Deacon is no stranger to Salem, having spoken before the C. of I. at the SAIDC rally.

Campaign Committees Chosen Chest Board Appoints Martin Vice-Chairman

E. Ralph Martin, assistant manager of production at the E. W. Bliss Co., was named vice chairman of Salem's 1959 Community Chest campaign when members of the executive committee met Friday noon at the Lape Hotel.

R. S. McCulloch, Sr., was appointed to fill the unexpired term of Byron Maxson as a member-at-large on the board. Maxson is now secretary of the Community Chest Association. The president, is R. G. Fennema, who is department manager at the Bliss plant.

Oswald Is Chairman
Robert Oswald, vice president and controller of the Farmers National Bank, will be chairman of the Chest drive, scheduled for early October. The exact goal of the campaign will be determined at another meeting of the executive committee later this month after budgets have been submitted by the 11 "red feather" agencies which participate in the Chest.

Mr. Fennema presided at Friday's meeting when committees were appointed. They include: Budget; L. A. Bateman, chairman; Jack Rance, vice chairman; Robert Hall, Lloyd Morrison, Robert Kaminsky, Herbert Gordon, Charles Corbett, Dr. Harley Thayer and Gail Herron.

Nominating: J. R. Stiver, chairman; Elliott Hansell, vice chairman; Katherine Gibson, Ralph Landwell and Raymond J. Lowry. Payroll deduction: C. R. Haldi, chairman; J. Crawford, vice chairman; and James Wilson, Jr.

Public relations: Ray L. Dean, chairman; James S. Gregg, vice chairman; Larry Hawse, Charles Tomlinson, Miss Ann McLaughlin, Elwood Hammell, Thomas Williams, Miss Virginia Hurray, Lee Dixon.

Money for the purchase was given by C. J. Rodman, Alliance industrialist and philanthropist, with the condition that church members develop the site. The gift is in memory of his mother, Lillie M. Rodman.

Dr. John V. Stephens, minister, said men of the church are now building roads and a parking lot and hope to have a picnic pavilion completed by the end of the summer. The church has 1,600 members.

Eventually there are to be cottages for families, an assembly hall, swimming pool, ponds and camping facilities for boy scouts, girl scouts and youth groups of the church, the pastor said.

The tract includes woodlands, meadows, marshland and a small stream—source of the Mahoning River.

USW, Industry Talks Recessed Over Weekend

Walkouts Averted
In Both Aluminum,
Copper Industries

NEW YORK (AP)—Negotiations between the steel industry and the United Steelworkers have recessed for the weekend without any indication of progress toward ending a strike which started July 5.

Joseph F. Finnegan, national mediator, met for more than two hours Friday with union officials. The meeting was described simply as exploratory.

Industry representatives said they were returning to Pittsburgh for the weekend.

The industry scheduled a lunch-hour news conference for Monday.

A second joint session between union and management officials, with mediators present, was scheduled for Monday afternoon.

In other developments, possible strikes were averted in copper mines and the aluminum industry.

In aluminum, a scheduled walkout of 5,500 workers was averted just before midnight Friday, when the Aluminum Workers International Union and the Reynolds Metals Co. agreed to extend the present contract indefinitely to allow negotiations to continue.

The workers involved are employed at plants in Virginia, Alabama, Kentucky and Missouri. The contract extension was similar to others reached earlier this week which averted scheduled walkouts in most of the rest of the aluminum industry.

In copper, the steelworkers union agreed to keep working on a day-to-day basis in copper mines and refineries of Arizona and Utah. The steel union has about 2,500 members in mines and refineries.

In a separate dispute, however, about 1,000 members of the steelworkers struck a New York City copper plant of Phelps - Dodge Corp.

The largest union in the copper field—the International Union of Mine, Mill and Smelter Workers—has scheduled a meeting in Denver, Colo., Tuesday to consider fixing a strike day.

The strike of 500,000 steelworkers has idled another 85,000 workers in related industries.

The steel industry, proposing a one-year freeze on wage raises, has offered to raise pension and welfare benefits this year. It also has offered to give a modest pay boost next year if the USW would agree to compensating economies in operations through changes in plant work rules.

The USW has termed the latter proposal an attempt to make it a company-dominated union. The union seeks a 15-cent hourly wage hike plus fringe benefits. It contends the wage boost could be paid out of company profits without an inflation-producing raise in steel prices.

Prestrike wages in basic steel averaged \$3.10 an hour.

Georgia Youth Rescued From Grand Canyon

Teen-Ager Describes 6-Day Fight for Life

GRAND CANYON, Ariz. (AP)—A teen-aged Georgia boy, hungry, blistered by the sun, scratched and cut by boulders, today told in a soft, southern accent the story of his six-day fight for life in the wilds of the Grand Canyon.

John Manson Owens, 15, of Savannah, was found Friday lying on a sandbar along the Colorado River. His two companions on a hiking trip into the awesome gorge had perished.

He was brought by an Army helicopter from the canyon to a hospital on the gorge's rim.

There, from his bed and between sips of orange juice, he related an amazing story of courage, determination and death.

He told how the Rev. Eugene A. Gavigan, 30, and Walter J. Mahany Jr., 16, both of Savannah,

West Virginia Crash Claims 3 Ohioans

5 Persons Die In Head-on Collision

BECKLEY, W.Va. (AP)—Five persons were killed early today in a head-on collision of two cars on the West Virginia turnpike, about 15 miles north of here. Five others were hospitalized.

State Police Lt. R. G. Coen said

the accident had occurred at Milepost 53 near the Mossy Interchange.

Involved in the wreck were six soldiers from Fort Bragg, N.C. in one car and four persons from Troy, Ohio, in the other.

Coen said two of the soldiers were killed and four injured, three critically. Three occupants in the Ohio car were killed and one was injured.

"One car was on the wrong side of the road," he said, "but the two cars were so demolished that it was impossible to tell which was."

The accident happened about 2:30 a. m.

Those in the Ohio car killed were: Charles Oscar Shinnault, 58, of 315 Trojan Court, Troy, Ohio, driver of the southbound car; Charles Fremont Shinnault, 26, his son, of the same address, and Mrs. Elva Adkins, 29, of 153 Center Circle, Troy. She was the mother of four children.

The soldiers killed were: Calvin McLaughlin, 17, of Altoona, Ala., driver of the northbound car, and James W. Jenkins, 19, of Huntington, W. Va. Jenkins died at 6 a. m. in Veterans Hospital here while

Bliss Division At
Midland Hit by Strike

Some 325 steelworkers of the Mackintosh-Hemphill division of the E. W. Bliss Co., of Midland, Pa., went on strike at midnight with the expiration of their contract, Alex Bowie, United Steelworkers union international staff representative, said.

Members of Local 1269 began picketing at the same time a strike of the Bliss Co.'s Pittsburgh plant also started.

Contracts for two other Bliss plants, in Salem and Canton, will not expire until Aug. 31. Negotiations have been going on for several weeks, the union said, with some sessions at the Canton headquarters and others in Pittsburgh.

The union said the company rejected a proposed master agreement for the four plants but the union turned down a request for a 30-day extension because of a lack of a retroactivity clause.

Allies' Opinion Sought on Trip By Khrushchev

Top Diplomats See
President Making
Invitation Soon

GENEVA (AP)—The United States has sounded out Allied governments on their reaction to a possible invitation from President Eisenhower to Soviet Premier Nikita Khrushchev to visit the United States, top Western diplomats reported today.

These informants said the feasibility of a Western summit meeting in advance of the prospective Eisenhower-Khrushchev talk has been discussed.

This development was announced as the Big Four foreign ministers conference neared the windup with negotiations on the Berlin crisis stalled and hope for East-West agreement virtually abandoned.

In diplomatic quarters here the impression prevailed today that an invitation from Eisenhower to Khrushchev would be announced within the next few days.

Vice President Richard M. Nixon, who has been touring Russia, is scheduled to leave Moscow Sunday for Warsaw.

At Moscow Airport today Khrushchev inspected the jet airliners which took Nixon and a company of newsmen to the Soviet capital and said he would like to fly to the United States in one of those planes "or some other one."

U.S. Secretary of State Christian Herter's office maintained silence on Khrushchev speculation today. All inquiries were referred to the White House.

Within the framework of the stalled Big Four conference on the Berlin crisis an Eisenhower-Khrushchev meeting is regarded here as an alternative to an early summit conference, one which might help in the long run to pave the way to a summit conference toward the end of this year or sometime next year.

The one big, unanswered question of the nine-week-old conference itself is whether it will adjourn Wednesday amid charges aimed at fixing the blame for failing to reach agreement or whether it will break off with an agreement for the ministers to meet again later in the year.

This subject could be tackled at a luncheon meeting today between Herter and Soviet Foreign Minister Andrei Gromyko at the latter's

Men Sentenced In Alliance Shooting Present Appeal

COLUMBUS, Ohio (AP)—The Ohio Supreme Court has received the appeal of two Cleveland men from their joint conviction for first degree murder.

Paul Perrotti and Alfred A. Calabrese were sentenced last November to life imprisonment for the fatal shooting of Eldon Shoup during an Alliance robbery, Feb. 7, 1957. They appealed Friday.

Shoup was the son of a caretaker at the home of Frank Wells, holder of a federal gambling stamp.

Paul F. Carpenter, self-confessed triggerman, and Arthur Lariche were indicted for murder with Perrotti and Calabrese.

The four pleaded innocent, but counsel for Carpenter later reserved the right to plead guilty by reason of insanity. With Raymond Paone, the four also were indicted on charges of robbing the Wells home. A basement safe reportedly contained \$6,000.

Carpenter has not been brought to trial. He pleaded guilty to a charge of burglarizing an Akron bar in 1956, before his arrest in the Alliance shooting.

Records show that Paone has not been tried on the burglary count. Lariche pleaded guilty to first degree manslaughter in the murder and guilty to the burglary charge.

Soviet Premier Tours Jet Plane

Khrushchev Says He'd
Like to Fly to U.S.

MOSCOW (AP)—Soviet Premier Nikita Khrushchev inspected an American jet airliner today and said he would like to fly to the United States in "this one or some other one."

He said he would like to make such a trip "when the time is ripe—i.e. good time."

Khrushchev made these comments to American newsmen as he inspected two jet airliners at Moscow Airport. One of them was the plush Boeing 707 which brought Vice President Richard M. Nixon to Moscow.

Khrushchev, who has been in the Ukraine, made a surprise return to the capital apparently for a further meeting with Nixon before the vice president leaves for Warsaw Sunday.

The Premier was in a jovial mood as U.S. Ambassador Llewellyn Thompson showed him through the two airliners. He pronounced the jets "very good." But he added the Soviet military version of its TU114 could make a nonstop round trip between Moscow and New York.

American jazz music was piped through the cabin of one of the airliners to create a gay atmosphere. Khrushchev proposed this toast:

"To the aircraft designers of America and all the scientists who build these wonderful planes and the pilots so skillful in bringing them to Moscow."

Holding aloft a glass of American whiskey, he also toasted the U.S. government, President Eisenhower, Nixon and Thompson.

The other new candidates are Walter Ashbaugh for reelection to the East Liverpool Board of Education; Earl Davis and Stewart Dyke for clerk and trustee, respectively, of Middleton Township; Clarence Blosser for St. Clair Township constable and James W. Ewing for Wayne Township clerk.

A total of 93 candidates are filed so far, with the deadline for day at 4 p.m.

Surf, Ft. Arguello Both Evacuated

Air Force Clears Town For Rocket Launchings

SURF, Calif. (AP) — Evacuated. The cry sweeps through this tiny beach town and everything stops. Navy buses roll down the dusty streets and 35 to 40 men, women and children climb aboard.

At T minus 45 minutes, the buses roar away—and everyone in the countryside knows a big rocket is about to be fired.

Surf, Calif., is a stop on the Southern Pacific Railroad, which runs along the coast through the West's new missile launching area.

North of Surf is the 64,000-acre Vandenberg Air Force Base. To the south is Ft. Arguello, the Navy's 19,000-acre missile launching facility.

Discoverer satellite rockets arc southward from Vandenberg toward an orbit around the earth's poles. If one of them should explode or have to be destroyed, the debris might fall on Surf and Ft. Arguello.

The day before a Discoverer firing the people at Surf are alerted to get ready for evacuation. A few grumble but most of them, families of track maintenance workers, welcome this interruption

of their quiet existence among the sand dunes.

The civilians evacuated from Surf go shopping in nearby Lompoc, see movies at Vandenberg, or visit friends. After the launching they are hauled back home.

The government foots the bill and reimburses the railroad for the time its workmen are off the job. This is a fairly inexpensive operation.

But everything also stops at the Ft. Arguello facility, where missile and space vehicle launch sites are under construction. Twenty four hours before a Discoverer firing, all workmen are notified to take the next day off.

A contractor source estimates this cost currently at \$25,000 a day.

Discoverer V, originally scheduled to be fired Tuesday, was postponed to Wednesday, then Thursday because of weather and technical problems. Late Thursday the shot was postponed again, for at least 48 hours. Each day the people at Surf were evacuated and the work at Ft. Arguello shut down.

E. W. Bliss Co. Lists Gain In Sales, Income

E. W. Bliss Co. and domestic subsidiaries reported consolidated net sales of \$15,694,161 for the second quarter this year compared with \$11,707,226 in the same quarter last year.

Net income after taxes was \$365,414 or 37 cents per share on 1,000,110 shares of outstanding common stock. In the same quarter last year there was a net loss of \$281,700 after tax credit, or 28 cents per share.

Sales in the first half of this year were \$26,766,693 against \$25,005,885 in the corresponding period of last year.

Net income was \$307,475, or 31 cents a share. Last year there was a first half net loss of \$223,657 after tax credit, or 22 cents a share.

Robert Potter, president, said that at the end of June the company had 27 million dollars in unfilled orders compared with 20 million dollars a year earlier and 23 million dollars at the end of March.

He said shipments of small presses showed further improvement during the second quarter but large press volume remained at depressed levels.

Because of the depression in the press industry the company's two plants in Toledo have been closed for more than a year.

Mr. Potter said steps are being taken to sell the two plants and consolidate all press building at the Canton and Hastings, Mich., plants.

In the last year fixed charges incurred in carrying the idle Toledo plants amounted to about \$500,000 and their sale should improve earnings by about that amount, he said.

He said third quarter operations normally are at a seasonal low because of plant shutdowns for vacations and are being further reduced by the steel strike.

Confident Living

By Dr. NORMAN VINCENT PEALE

Awaken to the Giant Within You

Last March a friend sent me a clipping from a Vicksburg, Miss., newspaper. It told the story of a gracious little lady who is known to her friends as "Miss Lou."

And the reason for the story was that she had been selected by the

United States Chamber of Commerce as a symbol of the spirit and courage and greatness in American womanhood.

She was honored along with a half-dozen distinguished men as one of the great persons of the year.

Well, I've known Miss Lou for a number of years. And believe me, she is worthy of this honor because she has really done a great thing with her life. I remember sitting with her one day on the porch of a hotel at Point Clear, Alabama, some years ago, and trying to help her with the future of her life. Her husband had died and, she told me, "There isn't much that I can do, but I must do something. I haven't got any ability. What am I going to do?"

"LET'S PRAY ABOUT IT," I suggested. "Let's ask the Lord about you." We had a word of prayer and then we began exploring to find the guidance we had prayed for.

"I am sure you must be able to do something," I said. "No doubt you can sew?"

"No," she answered, "I can't sew—at least not in any unusual way."

"Well, then, certainly you can cook. All the Southern women I know are topnotch cooks."

"I'm afraid this is one who can't," she said.

"But you must be able to bake."

"No, I can't bake anything very exceptional."

We continued on down the list of home arts which might be turned into cash without any results until, suddenly, my prayer must have worked because it occurred to me to ask, "Did you ever make any candy?"

"Why, yes," she said. "That's one thing I do fairly well."

I ASKED HER to make me a box of candy and send it to me. It came soon after. I disregarded my diet and sampled it and it was real good, superb in fact. In writing my thanks, I said, "That was some of the best candy I've ever tasted in my life. Why don't you go into the candy business?"

We had quite a bit of correspondence about whether a dignified Southern gentlewoman should sell candy to her neighbors, but finally she decided to start a little shop in her own home. Then she was persuaded to put out a sign and, eventually, to put signs on the highways to attract tourists.

And these are there now. They read: "Miss Lou's Shop — The Sweetest Spot on Highway 80."

Last year this little lady did an \$18,000 business in that little shop.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The imaginative adult waits for his ship to come in. The child watches his ship go out.

And only the ship which has gone out, will ever come in!

Success, in other words, comes to those who venture. Discovery is the reward only of the explorer.

But failure can repay our venturing; futility can frustrate our exploring.

What shall we seek when our ship goes out? This is the crucial question! Shall we seek the qualities of faith and noble life which make honest ventures worthwhile; or the selfish lures which make searching our downfall?

It is no strange coincidence that so many of the happy, contented, successful people in our community are also faithful church-goers. Jesus said:

Seek ye first the Kingdom of God, and His righteousness, and all these things shall be added unto you.

Questions and Answers

Our appearance to others is really a matter of great importance—at least to us.

Q—My small daughter frequently has dark circles under her eyes, but gets plenty of rest. I have noticed older people also who have dark circles around the eyes, but gets plenty of rest. I—A. E.

A—This is a common enough complaint. According to one discussion of the subject, it is probably the result of thin skin of the lids, a low amount of fatty tissue under the skin, and relatively large veins in the area.

Sometimes the dark circles become more conspicuous in a person who is ill or fatigued from lack of sleep. Apparently, however, the dark circles have no real significance from the standpoint of health.

Q—Kin ly discuss the disease known as narcolepsy.—Mrs. H. T. A—This is a relatively rare and not too well understood "neurosis" characterized by one or more of the following symptoms: sudden sleep, sleep with dreams, sleep with dreams and double consciousness trance, and various other signs.

It may begin or stop after some single event such as a severe nose bleed. It is a chronic condition, but may respond to appropriate stimulating drug treatment. Psychiatric investigation of anyone who has this condition is always needed.

Q—According to information from X-rays, I have been told that I have calcium around my elbow. What can be done to get rid of it?—Reader.

A—If it is not causing any pain or other trouble, the best thing is to leave it alone. In all probability there is no medicine or other treatment which will eliminate the calcium. It may have to be removed by surgery if the symptoms warrant.

Q—I recently heard that a great shock can bring on diabetes. Is there any truth to this? A friend had an automobile accident and the family claims he did not have diabetes before the shock brought it on.—B. C.

A—In all probability, shock or injury cannot cause diabetes except when the pancreas is severely injured. It is possible that shock injury cannot cause diabetes except to appear earlier than they

otherwise would. But the weight of evidence is against any direct cause an effect relationship.

Q—Don't you think it mean, cruel and inhuman to force people to eat when they are in terrible pain?—Miss B.

A—Yes, except when there are medical reasons which make it necessary in order to try to save the life of the person in pain.

Liquor Agents' Raids In District Listed

State liquor agents, under Chief Ivan W. Smith, made one raid in Columbiana County during June and arrested one person, according to the monthly report released today by Director Richard C. Crouch.

Other nearby counties in the Canton district in which raids were made are Carroll, 1; Mahoning, 1; and Stark, 7. A total of 16 persons were arrested in those counties.

As a result of the arrests, 16 convictions were handed down and fines totalling \$910 were levied, Crouch said. Sales to minors was the primary charge in June with Sunday sales running a close second. Mostly as a result of Department of Liquor Control raids, nine permit holders were cited in Columbiana and adjacent counties in the Canton district.

Across the state, a total of 114 permit holders were cited to appear before the liquor board for 156 alleged violations of the state liquor laws.

Herman Pitches No-Hitter As SAIDC Blanks Demings 8-0

Shaffer Ford, Sebring Win

Turn Back Beloit, Dutch In Class AA

Bill Herman, whose steady pitching has kept SAIDC at the top of the Class AA softball standings Friday night hurled a no hit, no run 8-0 victory over Demings.

Herman was in complete control last night, facing just 23 batters, two more than the minimum. A third inning walk to Butch Rogowski and an error which allowed Wayne Hahn to reach first safely in the fourth accounted for the only base runners against the right hander.

Herman did not look overpowering fast but his hard one was alive and wouldn't quit moving. Seven would be Demings hitters went down on strikes.

The no hitter was the second one hurled in the league this season. Glenn Mercer of Stepanics registered the other pitching gem.

In other games last night, Shaffer Ford cemented its hold on fourth place with an 8-3 win over slipping Beloit. Sebring buried Old Dutch deeper in the basement with a 5-3 come from behind victory. Title Within Grasp

SAIDC's win assured it of no worse than a tie for the league title. Boasting a 14 and 2 record, manager Demps Balsley's crew can clinch the championship by winning either of its two remaining games.

Bob Stallsmith and Dick Wyss each had two hits for the winners. Roger Stitt collected a two run triple to close out the scoring in the seventh. Six errors by Demings didn't make losing pitcher Wayne Hahn's task any easier.

Shaffer took advantage of a gaping hole in the Beloit defense occurring from the shortage of one player. Beloit opened with just two outfielders and the Shaffer batters did a bang up job in finding the holes. They pounded out a total of 13 hits off losing pitcher Bill Mangrum.

Beloit jumped off to a three run lead in its half of the first but Shaffer came back with four. Two fly balls dropped by outfielder Tom Wilson of Beloit proved disastrous in this uprising.

Dick Boughton had a perfect day at the plate for Shaffers with three hits. Winning pitcher Bruce Feicht was at his best in the clutch. In both the fifth and sixth innings he forced Beloit to depart with the sacks jammed. He gave up just five hits.

Sebring's A. V. Myers gave Old Dutch three runs in the first inning, then closed the gates the rest of the way. Old Dutch scored on successive singles by Duane Stanley, Dick Capel and Marty Limpow with the aid of an error.

Sebring got one run back in the second and went ahead with three more in the third. A home run by Bill Murphy closed out the scoring in the fifth. Stanley collected three hits in his first three times at bat for Old Dutch. Murphy had a third inning single to go with his round tripper for Sebring.

Sosbe, who has pitched much better ball this year than his record shows, was once again charged with the loss.

His team, like Beloit, played with just eight men. Myers picked up the win. Each team collected three hits.

Columbus Defeats Buffalo By 2-1

By The Associated Press

Literally, figuratively and on the mound, Joe Gibbon's a big man.

Columbus' rangy left-hander— he's 6-4—has compiled an amazing 11-7 record while toiling for the seventh-place Jets in the International League.

The 24-year-old Hickory, Miss. native, displayed his talent Friday night as he defeated the league-leading Buffalo Bisons for the third time and checked a Buffalo winning streak at six games with a five-hit, 2-1 triumph.

COOL SCHOOL — As 40 other youngsters look on, Phil Watson keeps an eye on Billy Shields, 11, whom the New York Rangers' coach is instructing in stick handling on the Madison Square Garden rink. The summer school was inaugurated to encourage youthful interest in hockey. General Manager Muzz Patrick, in the background, is the other instructor.

San Francisco Tops Pittsburgh

Home Run by McCovey Earns Giant Victory

By The Associated Press

The way this Willie McCovey's going he'll be playing for the National League in Monday's All-Star game.

The 6-4 first baseman, 3.377 hitter at Phoenix in the Pacific Coast League just two nights ago, followed up Thursday's somewhat sensational 4-for-4 debut with San Francisco by singling home an eighth-inning run that beat Pittsburgh 4-3 Friday night.

That kept the Giants in first place by a half game. Second-place Milwaukee beat St. Louis 6-0 behind a three-hitter by Bob Buhl. Third-place Los Angeles,

Barber Leads Souchak by 2

PGA Golf Tourney At Halfway Point

MINNEAPOLIS (AP) — The David and Goliath struggle between Jerry Barber and Mike Souchak entered a third and climatic round today.

Barber, tiny and frail looking, held the lead at the halfway point of the National PGA Championship, but the broad, ominous shadow of Souchak stalked him again.

Twice in the last four years the little man from Los Angeles has been on the brink of tournament victories only to have them plucked away by great Souchak finishes.

This weekend the stakes are higher. After his remarkable five-under-par 65 at Minneapolis Golf Club course Friday the 43-year-old Barber is in a position to crown a 19-year pro golfing career with one of the glamorous titles in the game.

Heading into today's round Barber was six-under-par at 234, two strokes in front of Souchak, the gentle-mannered mauler from the Pennsylvania coal country. Both had first-day 68s to share in a nine-way split for first place.

Arrayed behind them were Doug Sanders at 138, defending champion Dow Finsterwald and Gene Littler at 139 and Cary Middlecoff, National Open Champion Bill Casper and Lionel Hebert at 140.

With that kind of lineup after 36 holes the 41st annual PGA was considerably more than a personal duel between Souchak and Barber. But for today their clash — they play in consecutive threes — was the focus of the whole tournament.

The Indians were behind, 4-3, going into their half of the eighth inning. George Strickland led off with a single to center field and then Billy Loes, the Orioles' ace

2nd All-Star Tilt Is Monday

Proceeds to Go In Player Pension Fund

LOS ANGELES (AP)—It doesn't require a course in motivational research to figure out why the second 1959 All-Star baseball game is being played in Los Angeles.

With a typewriter, you can hit squarely on the reason with the tap of a single key—\$

The season's second All-Star match, to be played at the Coliseum Monday, was scheduled after the New York Yankees came out here in May and met the Dodgers in an exhibition that drew 93,103, the largest crowd in U.S. baseball history.

If the majors didn't know it then, they must surely realize by now that Monday's game won't do that kind of business.

But they'll play it anyway. And the players, who get the proceeds for their pension fund, will just have to be satisfied with a crowd of perhaps 45,000 or 55,000 and maybe a half million dollars in revenue.

The rosters of the two leagues will be much the same as they were in Pittsburgh July 7, when the Nationals won 5-4 and cut the American League's lead in the 26-year-old series to 15-11. Each manager was permitted to add three players to his squad for the second game and to select new pitchers. Casey Stengel of the Americans made some new pitching selections but Fred Haney of the Nationals didn't know he had this option, so he'll have the same staff.

The game starts at 4 p.m. local time (6 p.m. EST) when the evening traffic jam is approaching its ghastly maturity here. Many people undoubtedly will elect to stay home and see the show on TV.

Salem Poloists At Cleveland Sunday

The Salem Polo Club will be on the road Sunday to tangle with Cleveland at Chagrin Falls.

Salem will be looking for its first win over the Penn-Ohio League leaders in three starts. Cleveland won a pair of games from Salem here over the July 4th weekend by scores of 8-6 and 9-6.

The retirement of Jim Watson has caused a juggling in the Salem lineup. Capt. Jimmy Bahr will move from his customary number three spot to the number two position. Veteran Jack Arnold, who has been first alternate, will move into Bahr's number three spot.

Lloyd Brunner will stick to his number four position and newcomer Ron Tetemanz will see plenty of action as alternate.

Brunner, veteran defensive stalwart on the local team, filled in at the number four spot for Cleveland Wednesday and helped them to a 6-3 win over Darlington.

Winona Continues United Loop Hold

Augusta	9-5
Franklin	8-6
Hanoverton	5-9

Powers' Homer Wins For Reds

Cincinnati Edges Chicago's Cubs 5-4

CINCINNATI (AP) — Johnny Powers is an outfielder for the Cincinnati Reds, but chances are most fans don't know it.

The Reds beat Chicago Friday night, 5-4, on the strength of his home run—in the clutch, too. But you don't hear much about Powers.

John Calvin Powers occupies a special limbo in big league baseball. He's a utility outfielder—a man considered not quite good enough to be a starter but with enough talent to take over for an injured starter.

The Reds' outfield now has the prize rookie, Vada Pinson, and veteran slugger Gus Bell. Frank Thomas, a fielder, and Jerry Lynch, a hitter, share the third spot.

Powers is a 28-year-old Alabama strong boy whose chief talent, naturally enough, is hitting. He came to the Reds in a trade with Pittsburgh last winter.

Friday night the Reds had stacked up a 4-2 lead, but starter Don Newcombe had to leave in the eighth inning because of an old groin muscle injury flared up.

Jim Brosnan took over and lost no time getting into hot water.

In the ninth, Bobby Thomson singled and George Altman promptly homered, squaring the issue, 4-4.

Starting the Reds' half of the ninth, 14 Rhinelanders had been retired in a row by the Cubs' pitching. Willie Jones and Roy McMillan made it 16. They both struck out.

Powers got the nod to hit for pitcher Brosnan, and slammed the game-winning homer into the right field blachers. It was his second pinch homer in six games.

The Cubs had struck for a first inning run on Tony Taylor's double and Ernie Banks' single. One more Chicago marker came in the third when Taylor walked, reached second on Alvin Dark's single and Jim Marshall doubled him home.

Chicago Holds on to First Yankees Defeat Athletics 11-2; White Sox Dump Senators 7-1

By The Associated Press

Things are getting a little bit hectic in that American League pennant race. Take Cleveland. The Indians dropped out of the lead because their No. 1 relief guy, Jim Perry, failed 'em — but they've managed to stay close because the same relief man has won two straight as a starting pitcher.

The lean right-hander blew a 3-0 lead, but hung on for a 5-4 victory over Baltimore Friday night that left the Injuns just one game back

of Chicago. The White Sox kept the pressure on by beating Washington 7-1 behind the four-hit pitching of Barry Latman.

Kansas City's winning streak came to an end at 11 games as the New York Yankees walloped the third-place A's 11-2. Botton beat Detroit 6-5.

In the National League race, where things are really hectic, San Francisco clung to a half-game edge as rookie Willie McCovey broke up a 3-3 tie with an eighth-inning single for a 4-3 decision over Pittsburgh. Milwaukee retained second place by beating St. Louis 6-0 on Bob Buhl's three-hitter. Third-place Los Angeles, also a half-game back, defeated Philadelphia 5-4, with Don Drysdale winning his 14th.

Cincinnati beat the Chicago Cubs 5-4 in the other NL game. The Injuns came from behind with two runs in the eighth on a bases-loaded walk and Billy Martin's sacrifice fly. The Orioles, who left 11 men on base, had taken a 4-3 lead with an unearned run in the sixth.

The White Sox, unbeaten in their last four games and winners in eight of their last nine, put it away with three-run bursts in the second and third innings against Pete Ramos (10-13), who lost his fifth straight as the last place Senators dropped their 13th straight.

Latman, pitching because Dick Donovan was side-lined by shoulder trouble, struck out 11 and had a three-hit shutout until the eighth, when rookie Bob Allison smacked his 27th home run.

Three home runs — by Yogi Berra, Elston Howard and Hector Lopez — powered a 13-hit barrage by the fifth-place Yankees while Don Larsen and Bobby Shantz combined for a four-hitter against the A's.

An unearned run in the eighth, forced home on a walk by reliever Ray Narleski after an error and two walks loaded the bases, gave Boston the decision at Detroit.

East Liverpool Girl

Arrested for Bigamy

NEW CUMBERLAND, W. Va. (AP) — Charlotte Edwina Gray Wright, 17, of East Liverpool, Ohio, is in Hancock County jail after pleading guilty of bigamy.

Her case is set for the September grand jury.

The girl made the plea before Squire John B. Herron of New Cumberland and was jailed in lieu of a \$1,000 bond.

She surrendered to Weirton police Wednesday. Authorities quoted her as saying she married Rex L. Wright in Lisbon, Ohio a few months ago, then later married a Weirton youth.

The Weirton youth told her to leave upon learning that she had been married, the girl reportedly said.

Columbiana School System Will Observe 'Slow Time'

COLUMBIANA — D. W. Bailey, superintendent of Columbiana schools, has reminded parents that when school begins here Sept. 9 for the 1959-60 term, the classes will follow a "slow time" schedule.

Schools will operate on Eastern Standard Time, an hour slower than Daylight Savings Time which will remain in effect until the end of October.

East Liverpool Man Given Terms In Pen

LISBON — Charles Williams, 39, of 359 Garfield St., East Liverpool, was sentenced to two concurrent terms at the Ohio Penitentiary Friday by Common Pleas Judge Raymond S. Buzzard for sodomy and felonious assault.

Williams was found guilty by a jury on the two charges May 6 and was sent to the Lima state hospital for 60 day observation and report.

Judge Buzzard ordered him returned to Lima because he was found to be a psychopathic offender and decreed that during the continuation of said commitment the execution of these sentences shall be suspended.

C previously. He was educated in Chicago's Wright Junior College and Northwestern School of Business. He started his railroad career in 1940 as a clerk. In 1942 he joined the Pennsylvania Railroad. By 1950, he had risen to the position of chief clerk at Dayton. He was appointed to the industrial division in 1953. Two years later he reached his present position.

Schill, who spoke here at the opening of the SAIDC's drive for support, led the Ellwood City industrial group as it pulled 40 diversified industries into that city in 20 years.

The public rally, which starts at 7 p.m. Tuesday, was called to welcome the first industry brought into the area by SAIDC efforts and to give the lagging stock sales drive added impetus.

SAIDC officials, hopeful of a large turnout for the program of discussion, music and free chicken dinners, say this rally will "make or break" the local drive to acquire new industries and business for Salem.

being prepared for brain surgery. The injured:

Mrs. Elsie Shinault, 50, wife of the driver of the southbound car, and only survivor in that vehicle. She suffered a broken left arm, right leg and crushed chest.

Three soldiers: Ralph L. Walker, 18, of St. Albans, W. Va., fractured skull; Phillip J. Sullivan, 23, Portsmouth, Va., fractured skull; Michael R. Provost, 26, Portland, Maine, head injuries and broken right leg; Fred Tenorio Jr., 21, Chicago, Ill. thrown from the northbound car and the least injured, with possibly broken facial bones.

"I was asleep in the back seat when the accident happened," Tenorio told Lt. Coen. "The first thing I knew, I was picking myself up from the turnpike."

Parts of the vehicles were scattered all over the highway. Coen said he checked with Ft. Bragg authorities but they were unable to tell immediately whether the soldiers were on furlough or being transferred to another base.

It was the worst accident in the history of the 88-mile toll road which was opened in 1954. Two years ago, four high school youths celebrating graduation were killed on the turnpike.

Taylor Is First To Get Nominee Petitions

Secretary of State Ted W. Brown yesterday received his first request for 1960 election petitions. It came from John Taylor, Salem printer and Democratic nominee for lieutenant governor in 1956.

Taylor requested petitions for Congress, state senator and state central committeeman.

Taylor has run for various other offices. He ran for Congress in 1948, U.S. Senator in 1944 and the State Board of Education in 1955.

Filing deadline for petitions for the 1960 primary elections is Feb. 3. The primaries will be held May 3.

Skelly to Operate Station In Conneaut

Louis W. Skelly, manager of FM station WSOM, said today he would begin "almost immediately" to build a \$50,000 radio station in Conneaut. It would be that city's first radio station.

Skelly received approval of his application for the new daytime 500-watt station yesterday from the Federal Communications Commission. His application had been pending for two years, he said.

Skelly, who came here in April from Lorain, where he was general manager of station WWIZ, said he had been working on the idea of opening a radio station in Conneaut for the past three years. He will remain here, however.

Defense Bill Would Provide 170 Missiles

WASHINGTON (AP)—A \$39,228,239,000-compromise defense appropriations bill includes funds to build at least 170 Atlas missiles, informed sources say.

The big Atlas is designed to carry nuclear destruction across oceans.

Cost and quantity figures on the Atlas are secrets. Information on the number planned came from congressional sources familiar with details of the appropriation bill.

The defense measure worked out Friday by Senate and House conferees still needs approval by the Senate and House. The House probably will consider it on Tuesday.

Although the bill totaled 20 million dollars less than President Eisenhower had asked, the conference committee offset this by boosting the amount of money that the Pentagon could use from funds authorized in the past. In this category, it gave the Pentagon 90 million dollars more than the President had sought.

Khrushchev

(Continued From Page One)

On a similar occasion a few days ago, Herter told Gromyko he has to leave Geneva Thursday and proposed the conference be concluded by Wednesday. A U.S. spokesman said Gromyko agreed.
